PRACTICAL EXPERIENCE—I know all about washing clothes. For severa years I have conducted one of the largest public laundries in N.Y. at present I am turning out 35 pieces duly. I have been compelled also to investigate and test the various Washing Machines of the day, and can truly say that the "Union," sold by J. Ward & Co., 23 Cortland street, New York, is the only one I have found worth house-room. Two of them are now and have been for years in constant use in my laundry.

the soldiers of this county.

The organization known as the Soldiers League of Obio County, was changed into one called Boys in Blue, much to the satisfaction of all parties. The reasons for this change are given to-day in an address prepared by a committee of soldiers, and published on our second page.

The address is timely, and well expressed, and places the soldiers in their right places—"at the front." We invite attention W. H. CALDWELL, ATTURNEY for CLAIMANTS

ANOTHER HEAD OFF.—It is currently reported that John Bishop. Esq., who had bardly grown warm in his seat as Pension Agent in this place, has fallen a victim to "M., Policy."

Major Boddridge, we understand, is to be the happy successor. What the Major's political sentiments may be at the present time we cannot saw, but presume they are of the Johnson stripe.

It is also said that Collector Orr may tremble in his boots, for his office has excited the desires of some mighty men. One of whom is the jeweller, J. T. Scott, Esq., the other, the celebrated friend of the Germans, Mr. Shallcross.

WE noticed yesterday that D. Peck, Esq., is having a fine set of stone steps placed to the front door of his residence on Fourth street and Quincy.

Police Court.—Of this institution we have again to complain. Nothing done yesterday morning, is what we have to say.

RIVER NEWS.—The river continues to fall, with six feet seven inches water in the channel. If the rain of yesterday extended pretty generally over the country, we may look for another rise. The Potomac left last evening, at 5 o'clock, with an excellent trip.

Arrangements are to be made for a match game.

The brick layers have at last commenced work on the new buildings fronting on Main and Union streets. These, we presume, will be pushed rapidly forward to completion before the cold weather sets in. Once up they will add to the appearance of Main street mightily.

We are pained to hear of the illness of Mr. Theo, Gorrell, once a writer for this department of our paper. We hope to record his speedy recovery. The inst accounts from him are favorable. EDINBURO.-The fine steamer Edinburg, Captain Thompson, will resume &c.,—all of which is nothing but Dyspepsia, her trips between this city and Cincinnati, leaving the latter port on Saturday such case, no matter of how long standing next, and arriving at the wharf on Wednesday. Freight or passage can be obtained on application to Booth, Battelle & Co., or on board.

J. S. TRIMBLE & Co., Plumbers and Gas Fitters, Market street, a few doors below Quincy, have recently put up in our office a specimen of a new lava gas burner, which does not rust, and will last a great length of time.

The burner is the same as that used on the street gas lamps, by the Gas Company. Nothing better of the kind has yef been discovered.

THE SKATING PARK.—At a meeting of the Board of Directors of the Wheeling Skating Park Association, it was concluded to improve and beautify the grounds of the Association, we have been informed that the Park will be enlarged, the pond made deeper and its sides lined with cement. It will also be so arranged that water will not escape from it, as it did last winter, and flow over adjoining lots.

The coming winter will find the Park a gay place.

THE CHARGE AGAINST WM. HARRIS-In our holice of the case of Wm Harris, brought before Judge Caldwell corpus, we stated that the charge against him was for killing a man in Pomeroy. It should have been stated that the charge was for shooting a man, &c.

We make this correction less the impression should get abroad, that the man, whom Harris is charged with shooting is really dead: He is, we understand, still alive.
